EMPLOYEE BENEFITS

Our Strategic Difference

CannaCoverage works with a coalition of nationally recognized leaders in the healthcare industry who have teamed up to deliver the most comprehensive and cost-effective suite of Affordable Care Act (ACA) compliant solutions. Combining the most innovative and advanced administrative technology, data and predictive analytics, network access, medical management, and level-funded alternatives, the program has produced superior outcomes.

Our CannaBusiness friendly program delivers a spectrum of benefits on a single administrative platform under a single risk umbrella, at times utilizing multiple networks, resulting in year-after-year, unparalleled results.

We have created the most affordable and sustainable Affordable Care Act (ACA) compliant healthcare solutions for employers, employees, and Taft Hartley groups, and under-served populations such as Pre and Post age 65 retirees, early retirees, sole proprietors, and 1099 workers.
